

Hungry for new perspectives?

Join our Sales & Support Team

Country Sales Manager for France

What You'll Do:

- **Take Charge and Make a Difference:** Your expertise in identifying needs, setting standards, and staying on top of trends will ensure our innovation and success.
- **Innovate and Collaborate:** Contribute to our product strategy and management process by sharing your ideas and suggestions with the management.
- **Be Part of the A-Team:** It's all about people! Together, we'll develop the right solutions and revolutionize the dosing technology industry.
- **Lead and Connect:** You'll personally handle key customers in your segment. You'll also collaborate closely with colleagues in various regions to manage accounts across borders and industries.

WHO WE ARE:

We are innovation and quality leaders in dosing technology, microprocessor controlled dosing pumps, intelligent sensors and connected solutions (IoT).

WHAT WE OFFER:

A responsible and innovative family business culture that drives growth as well as professional and personal development.

Expect a varied and interesting job in a passionate team where competence, innovative spirit, openness, and collegial cooperation are the driving forces.

We look forward to an exciting future - let's shape it together! Apply Today!
